Dear Applicant:

The City of Bellevue is now accepting applications from low-income seniors and low-income permanently disabled persons for the **2014 Utility Rate Relief Program**. Applications must be submitted every year, even if you have been in the program in the past.

Enclosed are application materials for the 2014 Utility Rate Relief Rebate. These materials apply primarily to residents that pay for their utility services (water, wastewater and drainage) through their rent or other third party. Please read carefully to ensure you have a packet that applies to your situation. If you pay a utility bill directly to the City of Bellevue, contact Bellevue Utilities for a Utility Rate Relief Reduction Application. This application packet includes:

- **2014 Utility Rate Relief Rebate Program Guidelines.** Provides program description, eligibility information, and instructions on how to apply. Please read this before completing the application for important requirements and changes.
- **2014 Utility Rate Relief Rebate Application Form.** Please complete each section of the application with the details required. Include all necessary documentation and remember to sign and date the form before turning it in.

There are two ways to apply for the program:

1. **In Person** – If you are applying for the first time or it has been more than a year since you last qualified for the program (2012 or before), you must apply in person. Please schedule an application appointment by calling 425-452-5285.
2. **By Mail** – If you were qualified for the program in 2013, you may re-apply by mail. Be sure to include photocopies of required identification, residency, and income information when returning your application. Remember, an incomplete application, or an application with missing documentation, cannot be processed. Please return your paperwork in the return envelope provided with this packet.

Whether you apply in person or by mail, all applications and necessary documentation must be received at downtown Bellevue City Hall prior to the program deadline of 4:00 p.m. on Friday, October 31, 2014. Late applications will not be accepted.

Note: It can take 6-8 weeks to process applications. Applicants are encouraged to get their applications in early in the program year to ensure timely processing.

If you have any questions, please call 425-452-5285.

Sincerely,

Patricia Burgess

GUIDELINES FOR UTILITY RATE REBATE

NOTE: These 2014 Program Guidelines apply only to Bellevue residents seeking a rate rebate on 2013 utility costs for water, wastewater, and drainage services. If these City of Bellevue services were paid indirectly by you through rent or other 3rd party, this is the correct application packet for you. However, if you currently pay a utility bill directly to the City of Bellevue and are seeking a reduction in 2014 costs, this is not the appropriate application. Instead, please visit the website noted above or call the Bellevue Utilities contact phone number to get a Rate Relief Reduction Application Packet.

PROGRAM DESCRIPTION

The City of Bellevue offers rate relief assistance to seniors and permanently disabled residents living within the service area of Bellevue Utilities that meet specific low-income guidelines. Residents can get a rebate of up to 75% off their 2013 water, wastewater, and drainage costs by qualifying for this program. Residents **MUST** apply for the program annually. Approved residents also qualify (without additional paperwork) for a rebate on utility occupation taxes paid to the City. Tax rebate checks are based on an applicant's continued participation in the Rate Relief Program. Rebate checks are mailed by the City in late December.

NOTE: Programs are based on available funding and are subject to change without notice.

APPLICATION DEADLINE

The deadline for applying for a rate relief rebate is no later than 4:00 p.m., Friday, October 31, 2014. To be considered for approval, your application and all required documentation must be received at downtown Bellevue City Hall before this deadline.

NOTE: It can take 6-8 weeks to process applications.

Applicants are encouraged to turn their applications in early in the program year to ensure timely processing.

APPLICATION PROCESSING

Rebates are only distributed after an application has been processed and approved. Please note that at the onset of the program, processing may take as much as 6-8 weeks due to extremely high application intake volume. You can help facilitate your application processing by ensuring it is complete with signature and includes all required verification and documentation.
